PROFILE

Aspiring IT enthusiast with a foundational understanding of key technologies. Familiar with HTML and CSS, I'm eager to contribute to web development projects and create visually appealing user interfaces. I have basic knowledge of SQL for data manipulation and am excited to learn more about database management. I'm also gaining proficiency in using Adobe Photoshop and Premiere Pro to enhance visual content. My exposure to Figma has sparked my interest in designing user interfaces. With a dedicated and proactive approach, I'm eager to further develop these skills and make a positive impact in the world of technology.
